

### 5.2.3 ENVIRONMENTAL POLICY

Watson & Cox Construction Limited is committed to the protection, conservation and improvement of the environment and recognises its responsibility to manage and minimise the environmental impact of our construction and office activities. This policy statement applies to all activities, including Subcontracted Works, undertaken by Watson & Cox Construction Limited.

The Environmental / Integrated Management System is developed in accordance with the requirements of BS EN ISO 14001.

In order to achieve this Watson & Cox Construction Limited shall:

- Seek to continually improve our Environmental Management System by developing suitable environmental objectives and targets on an annual basis;
- Commit to all materials used being both legally and responsibly sourced;
- Commit to all relevant compliance obligations to which we subscribe, that relate to our environmental aspects;
- Commit to the prevention of pollution from our operations by implementing best practice pollution prevention policies and procedures on-site in accordance with Pollution Prevention guidelines, Working at construction and demolition sites:PPG6;
- Ensure that this policy statement is communicated to all persons working for or on behalf of Watson & Cox Construction Limited;
- Ensure that environmental responsibilities are defined, communicated and understood at all levels within our organisation through the provision of appropriate training.

This policy statement will be made available at Head Office and at all sites in the Site Office or through our website – <http://www.watsoncox.com/>

This Policy Statement will be reviewed annually.
